

WARNING: This gas log set is for use with R.H. Peterson Co burners (and parts) ONLY.

CAUTION: Burn hazard! Logs will remain hot for some time after use. If you need to reposition any log to maintain the proper layout, use heat resistant gloves or allow logs adequate time to cool before handling.

Failure to use Peterson burners and valves may result in a **DANGEROUS** situation and in property damage, personal injury or even death; will void listings and certifications; and will void any insurance coverage by R.H. Peterson Co or our insurers.

Beachwood Log Placement Instructions

OCBW-34 PARTS LIST

CAUTION: Burn hazard! Logs will remain hot for some time after use.

When this log set is installed on a Robert H. Peterson burner system, the burner pan must first be filled with lava granules/coins as instructed in the main owners manual. These granules are not included with the log set, however are either included with RHP burner systems or available through your local RHP dealer. Contact your dealer for further details.

If applicable, keep the pilot/igniter screen clear of decorative media and any other items / debris at all times. This will allow for proper ignition and operation. **DO NOT** cover.
